

The Township has completed milling operations in Park Ridge Estates and will now begin paving these streets starting next week. Additionally, PSE&G will be doing their paving list immediately following the completion of milling and paving in Park Ridge, Clover Court, Woodstone Drive, and the municipal building’s entire parking lot, which will be **CLOSED** on Saturday, September 13, and Saturday, September 20. Here is a schedule of streets with the anticipated milling and paving dates, for **both** the Township and PSE&G operations, subject to change, with work beginning around 7:00 am and ending around 6:00 pm. There will be no parking on these streets during paving operations and access to and from homes may be limited. Please be patient while we continue to improve our infrastructure.

The areas will be staffed with Cedar Grove Police Officers. If you are unable to access your home due to an unforeseen issue, please call the police desk (non-emergency) number at (973) 239 – 4100 and the road officers will be notified. Please attempt to locate vehicles appropriately for the time the work is scheduled.

If you have any questions, please call the Engineering Department at (973) 239 -1410 x 280.
