

The Drug Enforcement Administration – NJ Division (DEA), in collaboration with the Cedar Grove Municipal Alliance Committee presents the drug education program:

HIDDEN IN PLAIN SIGHT

A drug awareness program every parent should attend

How many times do you walk past your child's bedroom and not pay attention? Is that book really for reading? What is hidden in their garbage can? See how seemingly everyday items can actually be indicators of drug use. See what might be HIDDEN IN PLAIN SIGHT! You'll never look at your child's bedroom the same again.
