• **Description:** This eight-week course will introduce the students to acting, singing, and dancing and the world of musical theatre. They will focus on learning the terminology of the theatre, creating a character, vocalization, creative writing and choreography. For the acting segment of this class, we will focus on improvisation, as we free each actor of their inhibitions. Acting is important for children of all ages, as it strengthens their self-esteem. At the end of the 8-week course we will have a showing of the work we have accomplished.
