Description: The 1st/2nd Grade League will be coached and coordinated by Wizards Trainers. The 3rd-8th Grade Recreation Soccer League will be coached by Volunteer Parents and assisted by Wizards Trainers. Trainers will be at all practices, but coaches will be on their own at games. It is an opportunity for kids to practice and play games with their peers at a recreational level. All children will receive equal playing time in games. This is a recreational league so it is all about learning the game while having FUN!
Shin guards and soccer balls are required for all participants!
