Description: What is Pickleball? The fastest growing sport in the country! Pickleball is also the fastest growing high school physical education sport, but is fit for all ages! Easy to learn, and fun to play, while maintaining good health and fitness!

Certain courts will be designated to learn the sport and the others will be used for Round-Robin play.

Pickleball is a paddle/sport that combines the features of Tennis, Ping Pong, and Badminton, with a few unique twists of its own. It is played indoors or outdoors on a court about half the size of a tennis court. Paddles & balls will be provided. If there is inclement weather, please bear with us for tentative make-ups.
